About Mad Cow Wine & Grill

Mad Cow Wine & Grill combines the feel of an edgy grill with the casual tone of an urban wine bar to create a stylish, laid-back atmosphere. Guests can enjoy a delicious meal. Mad Cow's expert culinary team brings each cut of meat to flavorful perfection on our handmade charcoal grill. Aside from grilled delights, we offer delicious tapas – sourced locally and created fresh every day.

Maddie and the Gang are fresh on the scene and excited to meet and mingle. Maddie's Gang are the perfect hosts, guaranteeing a great night out, delivering mouthwatering meals including a damn-good steak, seafood and handpicked wines.

Our menu is just right for steak aficionados. We work closely with some of Australia's finest beef producers to bring in the best quality chilled beef, all the way from paddock to plate. Our Woodward range grass fed beef and Wagyu are sourced from premier cattle regions around Australia, from Victoria, Queensland and Western Australia. Mad Cow's vision is to be the customers' first choice for Australian (beef, wagyu, veal and lamb).

But we also love grilled seafood. Butchers will flame-grill contemporary seafood cuisine, playfully balanced with Vietnamese **taste**. Guests can select from our Signature Seafood dishes including fresh lobsters, oysters and prawns or choose from the à la carte menu.

Our wine list is second to none – it is the island’s most accessibly priced collection of hand-picked favorites from around the world. There are more than fifty labels to choose from – including twelve labels by the glass – at the same price you’d pay in a wine shop. We love wine and hope that our selection and pricing will allow you to enjoy it as much as we do.

We know that mood is everything – from lighting and music to carefully arranged seating for every occasion. With shared high tables, a sociable u-shaped bar, and an exclusive private room, guests will always find the mood for the moment, whether they travel alone or move with a crowd.

Mad about Wine, Serious about Food!
