**Phu Quoc, November 2021,**

### **PULLMAN PHU QUOC BEACH RESORT ANNOUNCES ITS LATEST AWARD**

On 12 November 2021, Pullman Phu Quoc Beach Resort is honored to have been recognized by the most reputable award in South East Asia - Dot Property as the "Best Luxury Hotel Architecture Design" in Vietnam. Wining the award in this category reflects the bold design infused by local culture and the drive towards a sustainable development of the hospitality industry.

Inspired by the lively fishing villages on Phu Quoc's shores, the Spanish Architecture – Salvador Pérez Arroyo – skillfully crafted buildings and landscapes. From above, your imagination could guess the shape of a fish swimming towards the Gulf of Thailand. The hub would be the head, the pool is its body, the side wings are the fins and the main building the fantail. Of course, nature plays a major role that blows up the vitality of this impressive design. This is no concrete jungle. Greenery and golden sand makes up 80% of the six-hectare resort. At the western edge is a 170m stretch of Long Beach, and beyond that, the endless sea and sky.

The award is the brilliant proof of the successful pairing of an innovative design with the Accor sustainable development strategy towards developing an eco-friendly resort.
